

## FRANCE WILL WITHDRAW FROM GENOA PARLEY

### IF RUSSIAN AND GERMAN TREATY IS NOT ABROGATED

LOUIS BARTHOLOMEU HEAD OF FRENCH DELEGATION SO DECLARED TODAY

WELL INFORMED OBSERVERS SAY RUSSIAN-GERMAN TREATY IMPERILS CONFERENCE

Paris, April 12.—Louis Barthou, head of the French delegation to Genoa, has been instructed by his government to request the allies to force annulment of the Russo-German treaty, it was authoritatively stated today after a cabinet meeting.

As an alternative, if this is not done, Barthou is instructed to withdraw the French delegation from the conference.

(By HENRY WOOD (United Press Staff Correspondent.) Genoa, April 18.—France will take no further part in the conference at Genoa with either Russia or Germany, Louis Barthou, head of the French delegation declared today, if the treaty signed at Rapallo by Tchitcherine and Ranthennau is not immediately abrogated.

The French statesman was semi-officially reported to have the backing of his government in this stand.

Allied leaders met at 11 o'clock. Other committee meetings were cancelled in view of the importance of the decision to be taken regarding the Russo-German pact.

Well informed observers declared the allied leaders considered the treaty of Rapallo jeopardizes the success of the entire conference.

Lloyd George Tries to Save Conference Genoa, April 18.—David Lloyd George struggled this afternoon to prevent a crisis created by the announcement of the Russo-German treaty, from wrecking the Genoa conference.

The British premier was reported to be urging a practical handling of the matter. Louis Barthou, head of the French delegation, stood for forcing Germany and Russia to annul the commercial pact signed on Sunday. If this was not done the French said they would be inclined to withdraw from the conference.

Lloyd George, with more modified views towards the new pact, and desirous above everything to hold the Genoa conference together, sought to avoid aggravating the German-Russian union beyond the breaking point. He sought to dissuade the French from their desire for a stronger carrying out of the policies of the Versailles treaty.

The situation remained critical, with the final allied decision uncertain.

### Russian Ambassador Not Required to Testify Before Committee

(By United Press.) Washington, April 18.—The United States government recognizes Boris Bakhmeteff as Russian ambassador, and "an ambassador is not required to respond to process." Secretary of State Hughes today sent this definite notice directly to the senate, thereby finally crushing the attempt of the senate labor committee to subpoena Bakhmeteff in the hearings of alleged brutalities of General Semenov, Cossack chieftain.

It had been expected the letter would be sent to Chairman Borah, but instead it was addressed to Vice President Coolidge, as head of the senate.

### START NEGOTIATIONS FOR DEBT REFUNDMENT

(By United Press.) Washington, April 18.—The actual and official negotiations for refunding the eleven billion dollar debt of the allied nations to the United States will be started next week, it was learned officially here today.

Great Britain will be the first debtor nation to negotiate.

This course of action was decided upon at the first meeting today of the American commission to refund the huge debt.

## Death List of Cyclones is 15, Hundreds Injured

### WOMAN CREMATES HERSELF WHEN HUSBAND ASKS FOR A DIVORCE

(By United Press.) Minneapolis, April 18.—Saturating her clothing with kerosene and setting it afire, Mrs. Michael Mathias, 19, made a flaming torch of herself when she learned her husband was seeking a divorce.

She suffered probably fatal injuries. Mrs. Mathias ran screaming from her apartment, ablaze from head to foot. John Komvros seized her and smothered the flames with heavy blankets. She was taken to a hospital, and is not expected to live.

### WOMEN SHOULD DRESS FOR PRIVATE NOT PUBLIC EFFECT

(By United Press.) Denver, Colo., April 18.—Girls—be a picture in your home—not a cartoon. If you have an abnormal waist line, dress to reduce it. Distinguish between accent and accident costumes. These are a few points meant for women from flappers to grandmothers, given by Miss Evelyn Hanson of the Chicago Art Institute, here last night.

For the young maiden, Miss Hanson believes in the simple effects of fashion; for the old, the more "luscious" effects.

"The trouble with most women is that they dress for public and not for private," Miss Hanson said. "The woman whose costume attracts is not necessarily well dressed. An elephant can't dress like a butterfly."

### WILSON ATTACKS

### SENATOR REED

WRITES LETTER TO ST. LOUIS PAPER DENYING HE COM-MENDED REED

(By United Press.) St. Louis, Mo., April 18.—Woodrow Wilson through a letter has attacked the candidacy of Senator James A. Reed of Missouri.

Wilson in a letter published by the St. Louis Globe, democratic newspaper, criticized the conduct of the democratic senator, who is up for re-election.

Wilson in his communication to the newspaper denies that he had ever written a letter to Reed "warmly thanking him for the great service the senator rendered in perfecting and passing the federal reserve bill."

The letter referred to by Wilson was recently quoted by Lee Meriwether, according to the former president. "I have no recollection of ever having written such a letter," Wilson wrote.

### Reed Will Reply

Washington, April 18.—Senator Reed, Missouri, will reply in a formal statement to the attack upon him by former President Wilson, made in a letter to a St. Louis newspaper.

### Would Not Submit to Insult

Washington, April 18.—Declaring that his friends did not expect him "tamely to submit to a gross insult even from so great a man as Mr. Wilson was," Senator Reed of Missouri in a statement this afternoon replied to the former president's attack on him in a St. Louis newspaper.

### SENIOR FEDERAL JUDGE OVERRULES McCLINTIC'S ORDER

(By United Press.) Washington, April 18.—Injunctions of Federal Judge McClintic of Charleston, W. Va., ordering the abandonment of miners tent colonies in Mingo county, West Virginia, and preventing the United Mine Workers from taking steps to utilize these fields, were set aside here today by Martin A. Knapp, senior judge of the federal circuit court of appeals of the 4th circuit.

Judge Knapp, at the request of the counsel for the United Mine Workers, issued a supersedeas taking the cases which were instituted by the Borderland Coal Corporation completely out of Judge McClintic's hands.

### MINNESOTA ADOPTS BERTILLION SYSTEM FOR DAIRY CATTLE

BY THE SYSTEM FINE DAIRY ANIMALS ARE IDENTIFIED BY NOSE PRINTS

MORE THAN A THOUSAND PURE BRED CATTLE IN STATE HAVE BEEN PRINTED

(By United Press.) St. Paul, April 18.—Minnesota is the first state to officially adopt a Bertillon system for identification of fine dairy cattle.

The man who evolved the system—which will save pure bred cattle men millions—is drawing a meager salary, and has no chance to capitalize his idea. It is a positive preventative of fraud and misrepresentation.

Identification is made positive by taking "nose prints." William Peterson, superintendent of official testing of dairy cattle in Minnesota, and assistant professor of dairy husbandry at the University farm school, worked out the system. He began experiments after a conversation with O. H. Baker, of New York, chief of the Registry of Merit club of the American Jersey Cattle club. Because Peterson is doing the work as an experimental proposition, he is prevented by professional ethics from capitalizing on the system.

More than one thousand pure bred dairy cattle in the state have been "printed" and are positively identified with their testing records in the state files.

"In the past some breeders have practiced fraud by substituting similar animals in test, so that they could show a big record," Peterson said. "This has been made impossible by the nose print system. The system is positive. No two of the one thousand or more noses printed are anything alike. The possibilities of this system are as great as the wonderful system for criminal identification carried on throughout the world."

### 500 MADE HOMELESS BY FIRE AT MANILA

(By United Press.) Manila, P. I., April 18.—Five hundred persons were made homeless today when one hundred houses were burned near here. One soldier was killed.

### TWO NEGROES ROB BANK CASHIER

(By United Press.) Kansas City, Mo., April 18.—H. B. Meador, cashier of the First State bank, was robbed of \$11,784 by two negroes who forced him at the point of a gun to leave a crowded street car here today.

Passengers and the crew were held at bay with revolvers while they forced Meador to alight. The robbers escaped.

### MILWAUKEE BANK SHORT HALF MILLION

(By United Press.) Chicago, April 18.—Shortage of nearly half a million dollars has been found in the accounts of the Milwaukee Irving State bank, State's Attorney Crowe announced today.

Crowe said he would present evidence to the grand jury later in the week, asking an indictment of the officials of the bank.

### BODY OF ST. PAUL MAN FOUND FLOATING IN MISSISSIPPI RIVER

Minneapolis, April 18.—Police found the body of Paul Swasak floating in the Mississippi river here today.

Zwasak had not been seen since yesterday. He was subject to nervous attacks, and police believe he fell into the river during one of the attacks.

### ESCAPES JAIL AT LITTLE FALLS; CUTS THROAT WHEN TAKEN

FREDERICK THOMAS, IN JAIL FOR FORGERY, ESCAPES—TRIES TO SUICIDE

(By United Press.) Little Falls, April 18.—Seized after he had escaped from the jail today, Frederick Thomas slashed his throat with a razor early today.

He was taken to a hospital in a serious condition from loss of blood but probably will recover.

Thomas was to have appeared in court today on four counts returned by the grand jury. He was the only man in jail.

The sheriff entered early today to start a fire, and left the corridor door open. Thomas, he believed, was up stairs, but instead he was hidden in the corridor.

As Thomas walked out of the jail, the sheriff's wife saw him. She notified the sheriff. A light snow covered the ground. Thomas was tracked to a hiding place under a stairway about two blocks away. As the sheriff approached, he slashed his throat with a razor.

Thomas was arrested in International Falls, and was brought here to serve a ninety day sentence for forgery there. While his case was on trial there, he settled up for the checks he had passed, but the grand jury indictment was returned.

### PACKERS PLAN A HALF BILLION DOLLAR MERGER

THREE OF "BIG FIVE" MAY JOIN COMBINE—ARMOUR MOVING SPIRIT

(By United Press.) Chicago, April 18.—Packers here today planned a \$500,000,000 merger, according to information in financial circles.

Three of the "big five" packers may join the combine, according to plans now being worked out. They are Armour & Co., Wilson & Co., and the Cudahy Packing Company. Consumption of the plans would place J. Armour as chairman and Thomas Wilson as president.

The idea for the merger came from Armour, who has no son to succeed him in the packing industry. Armour has picked Wilson to succeed him, but it was said that to get Wilson, he must buy him out.

There will be no new financing if the merger is completed, it was authoritatively stated.

### MANKATO HOLSTEIN SETS WORLD RECORD

Mankato, April 18.—The world's record in the 305 day division for junior 2 year old heifers has just been broken by the Holstein heifer, Mankato Floa Ormsby Mercedes. She has a lead of 120 pounds of butter over the former world's record, having produced 890 pounds of butter and 18,810.1 pounds of milk in 305 days, which displaces Pabst Virginia Johanna, who formerly held the record with 770.5 pounds of butter. She is bred to qualify in this division, which requires her to freshen within 14 months from her last calving date.

Mankato Floa Ormsby Mercedes is in the very best of health and condition and now weighs 1,600 pounds, a gain of 200 pounds while making this record. She is a daughter of Sir Pieterle Ormsby Mercedes XIV, was bred, owned and developed at the Mankato Holstein farms by Marlow & Randall.

Mankato Floa Ormsby Mercedes freshened May 11, 1921, at 2 years, 4 months and 21 days. She was in the Marlow & Randall show herd at the 1920 Dairy Cattle congress, and at the National Dairy show. She won first in her class, senior and grand champions over all females at the Dairy Cattle congress at Waterloo. She is the only dairy cow that has ever won grand championship at a show like the Waterloo Dairy Cattle congress or the National Dairy show while on a long test, and then completed a world's record.

### McCORMACK RECOVERY PRACTICALLY ASSURED

(By United Press.) New York, April 18.—Another restful night strengthened John McCormack, Irish tenor, so that his recovery from serious throat affliction is now practically assured, according to a statement today.

### NORTHWEST NEWS

(By United Press.) Judge Miller Holds Court  
Grand Forks, April 18.—United States District Judge Andrew Miller will receive pleas and sit here today for arraignments.

Tried for Robbery  
St. Paul, April 18.—"Gloomy Gus" Shaffer and Jack Harris began their trial here today for the robbery of the Shapira jewelry store, November 3.

Two men with three others are charged with having stolen more than \$40,000 worth of jewels. They pleaded not guilty at their preliminary hearing.

### PASSAGE OF BONUS BILL IS ASSURED

(By United Press.) Washington, April 18.—Senate republicans in caucus today agreed to pass a soldier bonus bill at this session of congress.

The caucus by a vote of 26 to 9 went on record as favoring it, and instructed republican members of the senate finance committee to report out a bonus clause within a reasonable time.

It was further decided to call up the tariff bill on Thursday, and to proceed with it with all possible speed.

### Minneapolis Resident Routs Burglars in Duel

(By United Press.) Minneapolis, April 18.—Two would-be burglars were routed by Robert Miller, real estate dealer, in a pistol duel early today.

One of the men was wounded. They escaped in an automobile. The men awoke Miller. One asked him to let them in, claiming to be the janitor. Both wore masks. Miller started firing. The men returned the fire. Neither Miller nor his wife were injured.

### TROOPS MASS FOR ATTACK ON PEKING

GENERAL TSAO LIN'S FORCES HOLD ALL RAILWAYS LEADING FROM TIENSIN

Tientsin, April 18.—General Chang Tsao Lin's troops, aggregating one division and three separate brigades, hold all the railways leading from Tientsin, having camps within 11 miles east, north and south of the foreign concessions. Half way to Peking is camped another division. Other troops hourly are pouring through the Great Wall into the province of Chihli. Owing to General Tsao Lin's action, throwing two brigades southward to Tientsin along the Fukow railway, General Wu Pei Fu is desirous of avoiding immediate conflict and has withdrawn his garrison from Machang to Paotingfu.

The correspondent travelling through the zone of Tsinanfu northward, overtook a regiment of Shantung troops proceeding to Tchow, where an arsenal is located. When 18 miles from Tientsin, the first Manchurian troops, two brigades, camped along the railway chiefly in Tuhluichen, which is only 12 miles from Peking, while a smaller contingent holds the first station outside the city. The first troops east of Tientsin are camped 12 miles out, and thence are strung along at every station to Shanpalkwan.

Thus General Chang Tsao Lin disposes his army for the domination of Peking, which he certainly will endeavor to seize the instant General Wu Pei Fu resists the Manchurian invasion. General Wu Pei Fu's retirement upon the approach of General Chang Tsao Lin southward to Tientsin is a necessity for assembling a sufficient force and also his desire to choose his own battleground. He has established advance bases for the protection of Peking at Changshintien, 13 miles south of Peking on the Hankow railway. Newspapers report there is a large force there, but I have learned authoritatively that the principal army is concentrated at Paotingfu, 90 miles from Peking.

### MEXICAN VOLCANO IN ACTIVE ERUPTION

(By United Press.) El Paso, Texas, April 18.—Families around Colima and Gatotland, Mexico, are fleeing to escape the mighty eruption of Colima. The volcano is reported to be sending forth a column of smoke by day, and fire by night, visible for one hundred miles, and covering the vicinity around the two towns with dense smoke, vapor and ashes.

### FLOODED AREAS OF INDIANA, ILLINOIS SWEEPED BY TWISTERS

PHONE AND TELEGRAPH WIRES ARE HOPELESS MASS—CROPS AND STOCKS DESTROYED

HEDRICK, ILLINOIS, WAS WIPED OFF MAP—EIGHT WERE KILLED THERE

(By United Press.) Chicago, April 18.—Fifteen killed and hundreds injured was the toll today of cyclones that swept the middle west.

Tornadoes cut a path of destruction throughout the flood stricken Mississippi valley. Indiana and Illinois were the hardest hit.

Property loss will reach several million dollars, according to reports coming through on badly crippled wires. High winds, accompanied by cloud bursts, reach through an area extending from Nebraska to Ohio and from the southern end of Lake Michigan to northeastern Arkansas.

Winds added to the havoc already caused by overflow of dozens of rivers and streams in Indiana and Illinois.

Inhabitants of scores of towns were left shelterless when their tents erected on high ground after their homes had been swept down the course of the rivers, were blown away.

Telephone and telegraph wires were hurled together in a hopeless tangle. Miles of hard roads and railroad tracks were destroyed.

Early crops and thousands of head of livestock are destroyed. Farm buildings, homes and railroad stations were carried away in the path of the tornadoes.

Some from small towns risked their lives to rush to larger communities and beg for aid. Many of these reported their localities were nearly wiped out. The series of twisters originated in northeastern Arkansas.

Several miles of farm lands were swept and then the wind left. All was calm when the fury hit Irvington and Centralia, Illinois mining towns. At Irvington seven were hurled to death. Every building at Irvington but a Baptist orphanage was destroyed. The Illinois Central station was carried away in the storm. A farmer's family at Centralia was blown from their beds and seriously injured.

The greatest fury of the storm was felt when Hedrick, Ill., was wiped off the map. Eight persons were killed. Sloane, the home of George Ade, the humorist, was also seriously damaged.

Plainfield was literally picked up and blown away. There were no reports of death, however. Twenty square miles of territory was devastated when the cyclone hurled eastward across the Indiana border.

Snow and sleet covered Colorado, Kansas and Nebraska. Missouri and Iowa were pelted with hail which caused great damage to property and crops.

### DANIELS OPPOSES LEASING OIL LANDS

(By United Press.) Raleigh, N. C., April 18.—Former Secretary of the Navy Josephus Daniels, issued a statement to the United Press today opposing the reported plan of the government to lease naval oil reserve No. 3 in Wyoming to a private syndicate. Mr. Daniels said:

"I devoted much of my time for eight years to fighting attempts for the exploitation of the naval reserves set apart by Presidents Taft and Wilson. The need for conservation of these reserves is just as great now as at any time. In 1912 the policy of building a number of oil bearing ships was adopted, and leasing of any of these reserves would be a serious blunder."

"Application was made to Secretary Payne, for leasing only a few days before the change of administration. The navy department opposed any leasing. The only wise policy is to hold these oil reserves intact."

## THE WEATHER

Forecast for next 24 hours:  
Minnesota—Cloudy with probably light rain or snow in the north portions tonight, and in northeast Wednesday. Warmer in southeast portions tonight.

Cooperative observers record:  
Apr. 17—Maximum 41, minimum 30. Reading in evening 32. Northwest wind. Cloudy.  
Apr. 18—Minimum during the night, 24. Snow. North wind. Cloudy.

### MURDER TRIAL OF OLE SAM BRINGS OUT SAD FLIGHT OF MILLE LACS LAKE INDIANS

St. Cloud Journal-Press: While the civilized world has been turning its entire attention to the Christianization of the heathen in far off lands, the trial of Ole Sam, Chippewa Indian, at Mille Lacs last week, and the Indian's final confession and sentence to a life term for one of the most savage and brutal murders ever committed in the state of Minnesota, should be a sharp reminder to the public that the United States government has a serious problem in savagery to solve right within our very midst.

Ole Sam is a Chippewa Indian, whose ancestors lived upon the shores of Mille Lacs lake. Years ago the United States government moved the tribe to White Earth reservation, but many of the members of the tribe fled to the woods and refused to go. Others that did go longed for their home surroundings and drifted back to Mille Lacs and their old home. For years they squatted in that county in little bands and finally the government purchased several small, scattered tracts of land about the lake, where now may be found the Indian villages of Vineland, Isle, Cove, J. P. Point, and others. Here the Indians live in rude huts, without religious training, without any knowledge of hygiene or sanitation. The settlers and nearby communities have been aware of the dangers of the situation and have made complaints; government investigators have visited the village and have made their recommendations; the recommendations have been sent to Washington and been pigeonholed; other complaints, other investigations; other recommendations; and more pigeonholing, and the Indians live on as children of the forest without any help toward a knowledge of civilization, the white man's ways, or the white man's laws. Within a very short time a school had been started for them at Vineland, but the question of who shall bear the burden of expense and supervision arises between the government and the localities in which the Indians live, and as a result little has been done.

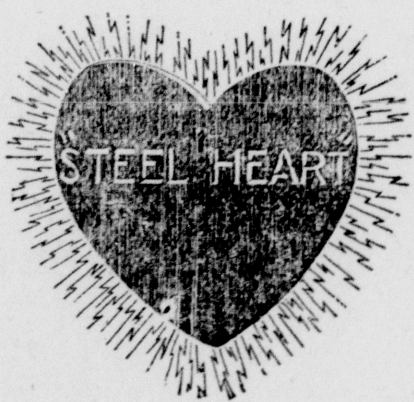

The result has been the development of Ole Sam, a throwback of a century ago, and the murder of poor old Joe Sliman. Sliman was an Assyrian, known throughout Mille Lacs and Aitkin counties, as a kindly hard working old peddler, who trudged the highways of the region, with his pack, selling merchandise and notions to the settlers. On August 10 he reached the Indian village of Isle and displayed his wares at the home of Robert Armstrong, where men, women and children of the tribe gathered to barter with the peddler. Ole Sam was in the crowd and saw the trinkets in the pack. When the peddler left the village and started down the trail for the village of Isle, Ole Sam borrowed a hammer, called two of his companions to assist him, followed the peddler down the trail and struck him from behind, swinging his hammer as his ancestors before him swung their tomahawks, and crushed the skull of his victim with the first blow. As a result Joe Sliman is dead and a widow and two children in far off Assyria, who had hoped soon to come to America, and join their husband and father, undoubtedly believed the story that we folks laugh at that there are wild Indians roaming the country west of Chicago.

The pack was rifled, money and trinkets taken, and the body buried beneath a windfall in the woods. Ole Sam had won his feathers. He had killed a white man. Assyrian friends of Sliman missed their friend and started a tireless search for him. Not knowing where he had last been, they went to Aitkin and Mille Lacs counties and with the aid of the sheriff and county attorney, trailed Sliman

from farmhouse to farmhouse until they found his trail into the Indian village, but not out. Ole Sam was proud of his work and boasted to his Indian companions of the deed. At the Indian dance he ridiculed the Indian beating the drum and announced that he, Ole Sam, should hold the honored position of drummer because he had killed a white man. The relentless work of the Assyrians and officials and the whispering among the Indians, soon proved the truth of the old saying that murder will out, and in November, Charley Jackson, who had been shown Sliman's body by the murderer, led the sheriff to the grave, Ole Sam, George Sam and Henry Davis, all mere boys were arrested and indicted for murder. Henry Davis, an Indian boy of 18 told the truth of the brutal murder, and last week, after the state had presented a mass of evidence that could not be shaken, Ole Sam changed his plea from not guilty to guilty, and today is at Stillwater for life. George Sam and Henry Davis, who divided the spoils and helped bury the body, are also serving sentences as accessories after the fact.

Are these boys entirely to blame for their deeds. They have grown up in the woods, have never been beyond the second grade in school, talk through an interpreter when conversing with whites, have never been baptized, have never seen the inside of a church and know nothing of the difference between right and wrong. They are expected to live as white men, but are not given any instruction in the white man's ways. Both for the protection of the public, and for the good of the Indians, these Mille Lacs Indians should be given education, religious training and instructions in the fundamentals of sanitation, hygiene and civilization in general. There are several hundred of them about the lake and it is too big a problem for the sparsely settled communities of that region. The Indian problem is Uncle Sam's problem throughout the United States, and it is time for Uncle Sam to cut the red tape which has been delaying matters thus far, and take steps to prevent a recurrence of the tragedy of the murder of Joe Sliman.

Incidentally there is work for Christian missionaries closer than far off China if there are any that want the work without the trip around the world.

#### Peoples Congregational Church

Rev. E. C. Ford of the First Congregational church of Wadena, will give a stereopticon lecture, subject: "Building up the Social Life of the Community, Through the Church." No admission will be charged, and a cordial welcome is extended to all. Rev. Richardson of Backus, and P. T. Brown of our home city will favor the gathering with songs. Program begins promptly at 8 o'clock. J. E. Cadwell, pastor.

#### General Committee Meets

The general committee of the Fifty-fifth Anniversary Celebration will meet at 8 o'clock this evening, in the Chamber of Commerce rooms. Citizens of Brainerd are beginning to have a keen interest in this celebration and it will be necessary for the committee to have the co-operation of everyone, if we are to have a real celebration.

### WITH BUSINESS AND PROFESSIONAL WOMEN

The Northfield Business and Professional Women's club recently held its first annual meeting at which Mrs. R. H. Moses was re-elected president. Other officers are: Mrs. Flora Wright, vice president; Miss Hilda Oberg, secretary; and Mrs. Isabelle Rowell, treasurer. The club has a membership of sixty-six with twenty-four names awaiting acceptance, and expects to have one hundred by June 1 in order to have a large representation at Duluth. The next meeting of the club will be the first Monday in May.

The Albert Lea Business Women's club has been organized since October, 1917, although they only recently became affiliated with the state and national federation. Mrs. J. Prentice, the president, together with Miss Jessie G. Bigelow, chairman of publicity for the club, are working out activities for the rest of this year. The club membership is more than ninety. The fiscal year of the club begins on the second Wednesday of each year.

The Duluth Business Women's club is active for the annual state convention, Miss Laura McArthur, president, advises. "We are anxious as a club to do what we can to provide a perfect setting for the biggest gathering the Minnesota Federation of Business and Professional Women's clubs ever has had, and we know that Duluth as a city will co-operate in every way to make the delegates and visitors enjoy their visit here June 16 and 17."

No special railroad will be traveled to and from Duluth—each person will choose her own method of transportation.

The Minneapolis Business Women's club will have its next general business meeting April 24 at which time suggestions for changes in by-laws

will be discussed. These suggestions cover a different method of nominating officers and directors; provide that active membership be enlarged to include women in business within a radius of twenty-five miles of Minneapolis; ask that the annual meeting be in April; and that the "sinking fund" be defined. The membership is now 1,025. Miss Mame A. Stevens is president.

St. Cloud advises that its club is to have the state president, Mrs. Samuel Belisle, as speaker at a banquet, April 19, the function to be held at the Grand Central hotel at 6:30 p. m.

#### Swedish Bethany Aid

The Ladies Aid of the Swedish Bethany church will be entertained Wednesday afternoon at 2:30 o'clock at the home of Mrs. Andrew Anderson, 809 Mill street Northeast, the hostesses being Mrs. Anderson and Mrs. Swan Larson.

#### Episcopal Guild

The Ladies Guild of St. Paul's Episcopal church will meet Wednesday afternoon at 2 o'clock at the home of Mrs. R. T. Campbell, 412 1/2 North Fourth street. A large attendance is desired.

#### Parent-Teachers Meeting

The Lowell Parent-Teachers will give their program April 19 at 7:45. The program consists of a: Piano solo—Miss Ione Johnson. Recitation—Third grade pupils. Song—Fifth grade pupils. Talk by Mr. Cadwell. Election of officers.

#### Baptist Aid

The Ladies Aid of the First Baptist church will be entertained by Mrs. Jos. Nicholson and Mrs. Alice Scott at the home of Mrs. Nicholson, corner Juniper and 8th street Wednesday afternoon at 3 o'clock. Annual election of officers.

"Crispy an' crunchy an' all-the-time-crackly! An' never tough or leathery! Gee, what would happen if Kellogg's got all eated up before tomorrow!"

## You certainly realize the difference in Corn Flakes when you eat Kellogg's

From the instant you open the generous sized package till they're tucked away in great and tiny "bread-baskets," Kellogg's Corn Flakes are a delight! You can't even look at those big sunny-brown flakes, all joyously flavored, crisp and crunchy, without getting hungry! Kellogg's are never leathery or tough or hard to eat—they're just wonderful!

Such a spread for big and little boys and girls—the sweetheart of fine white corn kernels deliciously flavored and deliciously toasted in Kellogg's own way! You can't imagine anything more joyous to eat at any hour.

## Kellogg's CORN FLAKES

## Rated High all Over the World

Almost everywhere abroad—east or west—you will find a decided preference for the Hupmobile as representative of the best that America produces.

Why do foreign lands rate the Hupmobile so high? For precisely the same reasons it is rated high at home—its recognized value, its recognized ability, its low costs and its long life.

Most of all, perhaps, for its splendid self-reliance, which makes the Hupmobile a favorite for travel through wild and sparsely settled regions.

It is this quality of self-reliance which above all its other remarkable attributes, has won the lasting admiration of motor car buyers everywhere.

## HARD UP FOR ISSUES

THE CONGRESSIONAL campaign is now fairly on, and the desperation of the Democratic leaders is evidenced by the issues they are endeavoring to trump up. Two methods of regaining control of Congress by the Democracy have recently become prominent. They will try to steal the credit for the success of the Armament Conference, and they will lash the voters of Michigan over the shoulders of Senator Newberry.

Having squandered several months in attempting to belittle the results of the Conference, they have suddenly changed their ground and are now trying to amass evidence to prove that the idea originated with them.

Senator Hitchcock, of Nebraska, who led the Internationalists in the fight to put us in the League of Nations, and who was one of the opponents of the treaty growing out of the Washington Conference, recently held the floor of the Senate for some time in trying to prove the case of the Democrats as leaders in the movement for armament limitation.

As Senator Lenroot, of Wisconsin, pertinently remarked: "Most of the time occupied by Senators on the other side of the aisle in the debate upon the treaty has been an endeavor to show that the results of the Washington conference, after all, were a weak, puny infant, never destined to reach maturity, and really not of any particular value anyway; yet yesterday afternoon the Senator from Nebraska occupied about 20 minutes in endeavoring to claim paternity for this puny infant for the Democratic party."

It is recalled that when the results of the Conference were made public, Senator Hitchcock gave utterance to that oft repeated quotation: "The mountain being in labor brought forth a mouse."

Public opinion apparently has led to the discovery that the G. O. P. elephant has sired a potential mastodon, and the Democrats are now trying to sew the donkey's ears to the youngster.

## PEPPER ON NEWBERRY INCIDENT

THE SUMMING up by Senator George Wharton Pepper, of Pennsylvania, of the Newberry incident, is one of the keenest pieces of analysis that has appeared in a generation, and will undoubtedly be widely circulated by the Republicans during the Congressional campaign. It goes directly to the heart of the controversy, occupies less than a column of the Congressional Record, and utterly demolishes the arguments of a partisan minority, an arrogant ex-President, and a Court whose instructions to the jury were severely condemned and ruled out by the Supreme Court of the United States.

"At the end of ten months, both candidates left the issue to the people," said Senator Pepper. "The people chose Newberry and rejected Ford by a clear majority of over 4,000 votes. The question before the Senate thereupon was this: Where a Senator is fairly chosen by a majority of the voters of his state after a full public discussion of the expenditures made previous to the primary, shall the Senate vote to expel him on the ground that it would have been in better taste for the majority of the voters to vote the other way? In other words, shall the Senate substitute its judgment for that of the people of Michigan as to what is a reasonable pre-primary expenditure?"

## PROBLEMS OF EDUCATION

THE CENTRAL theme of the annual meeting of the National Education Association in Boston the first week in July, it is announced, will be the growing interest which officers of the organization declare is being manifested in national problems of education, both by teachers and the public.

The program, it is understood, will be grouped around the general subject of "Education and the Democratic Awakening," and education will be discussed "in its relation to the new world outlook with special reference to the far-reaching results of the Armament Conference." Other themes to be considered include training in citizenship, professional training of teachers and the equalization of educational opportunity in rural districts. Patriotic meetings will be held July 4. The membership of the association is over 100,000.

## NATIONAL HOSPITAL DAY

THE GOVERNMENT, in providing for the care and treatment of former service men, is establishing hospital facilities which later can be used for the benefit of the people of the country, it is announced from Washington. President Harding has indorsed the observance of National Hospital Day, May 12, which is sponsored by the hospitals of the country to acquaint the people with the purpose and scope of hospital service. More than 4,000 hospitals are enlisted in this movement and have planned programs for National Hospital Day, including "open house" for the community, graduation of nurses and exhibitions of X-ray, dietary, occupational therapy and other departments.

## SENATOR KELLOGG'S TRIUMPH

SENATOR KELLOGG on Wednesday won a decided victory in the Senate for the wheat growers, when he obtained an increase to \$500,000 in the agricultural and appropriation bill for the fund to eradicate the barberry bush in the war on black rust. After listening to a speech by Senator Kellogg, the Senate, over the protests of the Appropriations committee, voted 37 to 16, to raise the fund from \$200,000 to \$500,000. The committee already had added \$52,800 to the sum provided in the measure as it passed the House. It was a great triumph for the junior Senator from Minnesota.

DURING the month of March this year in the state of Minnesota building contracts awarded aggregated \$9,321,700. This figure was over two and half times that of February, and was 42 per cent greater than that of March, 1921. Construction started in the first quarter of the year was 15 per cent greater than in the first quarter of 1921.

OTHER PEOPLE'S OPINIONS  
\*\*\*\*\*  
TRIBUTE TO ED LEVANT

I must say Brainerd lost one of their best business men when Edward Levant died. He was honest and square to young and old. Whether you bought in his store or not, he was always friendly.

I had a friend who was out of work for a long time and he needed a pair of shoes. He asked me where he could get them. I told him to go to Ed Levant's store. Mr. Levant let the poor man have not only shoes, but coat and pants as well on credit. Mr. Levant told him when you get work then come in and pay. The poor man got work and the first pay he received he went and paid Mr. Levant.

Respectfully yours,

JOHN A. MEYER

FROM BRAKEMAN TO VICE  
PRESIDENT OF THE N. P. IS  
STORY OF J. M. RAPELJE

From railway brakeman to vice-president of one of the largest railway systems of the country—

Such is the story of John M. Rapelje, who became vice president of the Northern Pacific railway in charge of operation and maintenance.

Mr. Rapelje succeeds W. T. Tyler, resigned.

When he was 10 years old, John Rapelje left his home at Chippewa, Ont., to seek his fortune. He did odd jobs to support himself and between times he picked up what schooling he could. No matter what the job, he worked hard. "Application to duty and conscientiously performing every task set before one is the secret of success," Mr. Rapelje says.

There are but few men in St. Paul railway circles—and the circle is a wide one here—who can point to so successful a career, with as many obstacles overcome, as can John M.

Rapelje. Mr. Rapelje entered railway service on the Grand Trunk system as a brakeman in 1877. The year 1881 found him firing an engine on the Santa Fe. A year later he entered the service of the Canadian Pacific at Winnipeg as a brakeman.

In January, 1888, Mr. Rapelje became a brakeman on the Northern Pacific at Glendive, Mont., and in March a conductor between Glendive and Billings.

In 1893 the conductor was promoted to trainmaster of the Yellowstone division. The next step was to superintendent of the same division, then Mountain division, then to the Idaho division.

In 1912, the one-time brakeman, was made general superintendent, central district of the Northern Pacific system, with headquarters at Livingston.

In May, 1914, Mr. Rapelje's next step was to the office of assistant general manager at St. Paul. Then in October of the same year he was made general manager of the lines east of Paradise, Mont.

In 1917 when George T. Slade entered the government service for the army transportation branch abroad, Mr. Rapelje in his absence, was promoted to acting vice president.

When the government took control of the railways, Mr. Rapelje was appointed general manager of the Northern Pacific system under J. M. Hanford, then federal manager of the road. When the roads were returned to private control Mr. Rapelje continued general manager of the system until promoted to the office of vice president.

Such is a brief sketch of the spectacular rise in railway service of a man who, one might say, entered the service over the cowcatcher of an engine and worked his way onto the private official car.

"Can other men, young men in the

service today do the same thing?"

"They sure can," replies Mr. Rapelje.

"There are greater opportunities for the man in the railway service today than there were in my earlier days," says the official.

"The man, though, must take an interest in his work, apply himself and must not be afraid to work."

"It is a bigger game now than ever before."

"There are more railways, more supervision, which requires more officials. The people expect more than they once did, and rightly, too."

Mr. Rapelje points with pride to the fact that he is still a member of the Order of Railway Conductors.

While in the train service as a conductor he was an active member of the order, having joined at Winnipeg in 1882. He is still an honorary member of the organization, having been made a life member in 1909 by the Yellowstone division No. 191 at Glendive, Mont. At that time the division presented him with a gold membership card, which he prizes highly.

Mr. Rapelje also recalls with pride that he was a conductor on the first through train on the Canadian Pacific railway from Montreal to Vancouver, in July, 1885. He was in charge of the train from Port Arthur to Winnipeg.

## STAR OF "BAT" WAS BORN IN BRAINERD

George Allan Wilson Spent His Childhood Making Mud Pies With Dr. I. G. Badeaux

### WILSON LIVED IN N. E. BRAINERD

Later Family Removed to Staples—Wilson Sr. and F. S. Parker Were Chums in Wisconsin

When the "Bat" flies to Brainerd for a performance Thursday night, April 20, at the New Park theatre, Brainerd and this vicinity will take more than ordinary interest in the cast, for the star, George Alan Wilson, was born in Brainerd on May 19, 1888 in the same house where Mr. and Mrs. George S. Badeaux now reside at 102 Pine street Northeast.

The Wilsons moved to Brainerd on June 18, 1887 when the town boasted 4,500 inhabitants. They lived here 18 years. Young Wilson and Dr. I. G. Badeaux were chums of babyhood and spent many an hour making mud pies in Northeast Brainerd. Even in that early day young Wilson showed his artistry, for it was said his mud pies were of a most superior mold and design and withstood the determined onslaughts of iconoclastic rivals who often sought to demolish all of his works.

The elder Wilson and F. S. Parker, father of Clyde E. Parker of this city, were boyhood chums in Fond du Lac, Wisconsin, where they attended school together.

The Wilson family removed to Staples and to evidence the interest Staples takes in the Wilsons, it is only necessary to mention that to date that enterprising town has backed up its native histrionic talent by ordering over 50 tickets for the performance this Thursday night.

Followed years of schooling and the gaining of knowledge in stagecraft and elocution, George Allan Wilson had the supreme pleasure of playing two years with that sterling actor, Robert Mantell. He saw active war service in France for two years and when the armistice signalled "cease firing", Wilson returned to the "states", and resumed his place with Mantell. Later came the "Bat" engagement where the young actor showed his true ability and mettle and gained praise from all critics.

Staples expects to come to Brainerd en masse Thursday night. The advance sale has been heavy, Little Falls, Crosby and other range towns, and Aitkin and other people buying many tickets.

The play keeps one in suspense until the fall of the curtain in the last act. Then only does one suddenly realize who the "bat" is. Theatre goers have joined a silent union pledged not to reveal who the "bat" is and you can only find out by attending the performance.

### BUMPER CROP FOR CANADA FORECAST

Winnipeg, April 18.—G. H. Malcolm, provincial minister of agriculture, says all indications at this time point to a bumper crop in 1922. Districts afflicted by the grasshoppers the last three years are free of the pests this year, he said, and throughout the province the danger from that source is not great. The department is watching this matter closely, Mr. Malcolm said. Figures on seeding area already plowed show that total this year is almost 5,000,000 acres, as against 4,328,200 at this time last year. The total in crops last year in Manitoba was 7,415,037 acres, and when the spring plowing is done this year it is expected this total will be largely increased. Last year the acreage sown to wheat was 3,501,217, and this year the total is expected to reach at least 4,000,000 acres.

### WALKER

Fred Moulster of Pine River was in Walker.

A nine and one-half pound son was born to Mr. and Mrs. Bert Gardner at the Walker hospital. He has been named Glenn.

Commissioner Peter Bell of Cass Lake was in town.

Walker lodge of Odd Fellows received an invitation from Akeley lodge to attend their egg feed on Saturday evening.

Miss Joe Kulla entertained the members of the Monday club at the home of her sister, Mrs. C. J. White. The girls of the club will soon present the operetta, "Snow White".

Three ladies served on the grand jury at the April term of court, and County Attorney Edward Rogers spoke very highly of their work. Many have wondered what quality of material the women would prove to be on jury duty but this experience convinces the county attorney that they are beyond criticism. One no-

## BOXER HELD ON CHARGE OF MURDER AND SISTER WHO CAUSED FEUD

"Sailor Friedman" and Mrs. Dora Greenberg, who is the center of a feud which resulted in the death of one and the serious injury of four others. Friedman, who is the contender for the lightweight championship, took exception to an insult regarding his sister who is soon to become a mother.

Noticeable fact is that they are for law enforcement. However, they are fair and concede the defendant the benefit of any existing doubt. They took a keen interest in every case and displayed a clear understanding of their duties and the conditions that were necessary for consideration in each case taken up.

Miss Anna Michael, Crosby teacher, spent her Easter vacation with her parents, Mr. and Mrs. George Michael.

A baby girl was born to Mr. and Mrs. Albert Warren.

### PERRY LAKE

Hank Stowe drove his saw rig up from the south end of the township Tuesday and sawed up the 20 cords of pole wood for District No. 64, which were furnished by Clarence and Fay Wood.

Guy Warner, Chicago, is visiting his sister, Mrs. Travis Eastham for several weeks.

Misses Allyce and Katherine Greene spent Easter with friends in Brainerd.

The Frank Stangel family will move the latter part of the week to the cottage on Perry Lake belonging to Travis Eastham.

Miss Maude Huntley spent part of the holidays with her sisters in Brainerd.

Clem Woods made a trip out from Crosby to the Andy Green place last Saturday.

The roads are now passable to cars. Mr. Eastham made his first trip to town Tuesday.

### MAN GETS NEW NOSE

Old One Gets Bitten Off, and Fresh Came From His Arm.

Burt Hayes of Van Buren, Ark., is in a Fort Smith hospital with his nose bitten off, and Gould Worley of Fort Smith is nursing the remnants of a finger which was badly lacerated by Hayes' teeth as the result of a chewing and scraping match staged by the two men just off Garrison avenue a few days ago.

Surgeons decided it necessary to graft some flesh on the vacant place on Hayes' face, and as a result he is confined to his bed with his left arm bound to his face, where it will remain for several days until the flesh knits, and his arm is cut free from his new nose. Surgeons say he will have a good looking nose when the operation is completed, although it may not function as well as the old one.

Worley probably will lose a finger, or if he does not, it will remain stiff and almost useless, surgeons say. Following the battle, when the two men wallowed in the mud and water and chewed each other up, county officers served warrants charging "fighting and maiming" on the two men, and fixing bonds at \$500 each. Their hearing will be had as soon as Hayes' new nose is in such condition that he may appear in court.

### What's Your View?

A Paris newspaper inquired of its readers what attributes a Frenchman regards as most desirable in his wife. The 20,000 replies indicated that health was regarded as the most desirable quality. Then came courage, frankness, wit, fidelity and cleverness in turn. The majority put wealth about half-way down the list and, more surprising still, beauty was placed last of all.—Indianapolis News.

## NEVER USED DRUGS

Victims Liable to Suffer Heart Depression or Shattered Nervous System

The use of medicinal preparations containing powerful minerals, salts, or coal tar by-products should be avoided by people who need health help. Powerful drugs are liable to depress the heart, shatter the nerves or cause intestinal irritation, stomach ulcers or other complications.

Physicians generally advise that some pure vegetable laxative tonic be used to freshen the blood and relieve constipation, sour gassy stomach, kidney, liver and bowel troubles.

Bulgarian Blood Tea being purely vegetable is a splendid medicinal tonic to use to relieve and assist nature to eliminate the poisonous wastes. Millions are now using Bulgarian Blood Tea as their favorite family medicine. Physicians and druggists knowing that Bulgarian Blood Tea is purely vegetable do not hesitate to recommend it.

Adv.

### Bids Wanted for Coal

The Board of Education of the Brainerd School District will receive sealed "Bids" at the office of the Secretary, Louis F. Hohman, 214 S. 6 St. Brainerd, Minn., up to Monday, April the 24th, 1922, seven p. m. to furnish this Board with two hundred (200) tons of Screened Yough, or Kentucky Lump Coal to be delivered at the various school buildings in the city. Co. 1 to be delivered within forty-five days from date of awarding of contract.

Board reserves the right to reject any or all "Bids."

By order of the Committee on Fuel, supplies and printing.

LOUIS F. HOHMAN,

Sec'y. Board of Education

26712ST

### Is Champion House Cleaner

"Your medicine is certainly the greatest cleaner I ever saw. I never thought such stuff could be in a human being. I am feeling ten years younger since taking the course of Mayr's Wonderful Remedy, and am telling everybody it is the champion house cleaner. My bloating in stomach and pains are all gone and I can eat anything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists.

## BRAINERD'S ODDEST STORIES OF TODAY

When the Dispatch "Brainerd's Oddest Stories" column gets 'em from the sick beds themselves, it shows the patients are interested in these little bits of human nature. Writes a patient: "There had been three major operations upon as many tough old lumberjacks who at this time are farmers and after they had been brought from the operating table at Sisters hospital and had partially come to, a spirited argument arose as to the best method to dynamite stumps and it was evident that the noise of the argument had reached other parts of the hospital. All at once a sister appeared and inquired who it was among them that was blowing up stumps. For thirty minutes after you could hear a pin drop in the corridors."

# SPECIAL ELECTION OF CITY MAY 25

People of Brainerd to Vote on Issuing  
\$50,000 Bonds and Increasing  
Hydrant Rental

DATE SET BY CITY COUNCIL

Mass Meeting of South Sixth Street  
Property Owners Called for Wed-  
nesday Eve. on Paving Matters

The council met Monday evening  
all being present except Aldermen  
Cordes and Koop.

Mayor F. E. Little reported on the  
visit of the paving committee, with  
Commissioner Babcock in St. Paul.  
Attorney Walter F. Wieland also ad-  
dressed the council regarding the in-  
terview.

## Mass Meeting

A motion of Aldermen Anderson  
and Lyonais, carried, that a mass  
meeting of Sixth street property own-  
ers be called by a committee consist-  
ing of Mayor Little, Aldermen Lyon-  
ais and Holmstrom, to get the senti-  
ment on repaving of South Sixth  
street, secured by bonds, the meeting  
to be held Wednesday evening at  
7:30 o'clock in the council chambers.

Aldermen Michael and Holmstrom  
on motion carried, moved that the  
city engineer prepare plans and esti-  
mates for the proper repair or con-  
struction of sewers on South Sixth  
street and Laurel street in advance of  
paving.

## Eighth Street Paving

Alderman Michael called attention  
to the necessity of paving Broadway  
from Kingwood to Laurel.

Aldermen Michael, and Anderson,  
on motion carried, asked that prop-  
erty owners on Eighth street from the  
south line of Kingwood to the south  
line of Laurel be notified of the bene-  
fit of having paving laid now when  
the contract was let for Sixth street.

Mrs. Otto Lundborg of the North-  
east Brainerd Improvement League,  
addressed the council on the need of  
street repair, filling holes, cleaning  
up garbage, ashes, etc.

On motion of Aldermen Anderson  
and Lyonais, carried, W. R. Milender  
was given permission to use the west  
end of Maple street south of the new  
court-house, owned by the city, for  
gardening purposes.

## Lateral Sewer

A. C. Weber asked for a lateral  
sewer running from Grove to Bluff  
avenue, between North Fourth and  
Fifth streets. On motion of Aldermen  
Lyonais and Holmstrom, carried, it  
was referred to the street and sewer  
committees and city engineer.

## Transfer of Funds

On motion of Aldermen Michael  
and Lyonais, carried, some \$400 is to  
be transferred from the permanent  
improvement fund to the revolving  
fund to adjust the assessment of the  
Northern Pacific railway paving at  
the Oak street crossing.

City Engineer Campbell covered  
various items referred in the meeting  
of April 3. On motion of Aldermen  
Anderson and Holmstrom, carried,  
the city engineer was authorized to  
make a purchase of repair material.

On motion of Aldermen Cameron  
and Quansstrom, carried, the matter  
of repairing the catch basins on Third  
avenue was left with the city engi-  
neer.

## Pool License

J. W. Warrick of 514 Front street  
applied for a pool hall license and  
it was referred to the police commit-  
tee, mayor and city attorney to in-  
vestigate.

## Opinion on Gambling

City Attorney Fullerton filed a  
written opinion of the penalty to  
owners of buildings where gambling  
is conducted. Section 8733 of the  
1913 general statutes provides:

"Every person who shall suffer any  
gambling table, faro bank, or gambling  
device to be set up or used for the  
purpose of gambling in any house,  
building, steamboat, raft, keelboat,  
or boom, lot yard or garden, owned,  
occupied or controlled by him, shall  
be punished by imprisonment in the  
county jail for not more than six  
months, or by a fine of not more than  
\$200, or by both."

There is also an ordinance of the  
city of Brainerd numbered 84, section  
2 of which provides that, "No person  
shall gamble with cards, dice, gaming  
tables or any other gambling device  
or devices whatever, and no person  
shall keep any house or place, or suf-  
fer or allow any house or place, to  
him or her belonging, or by him or  
her occupied, or of which he or she  
has the control, to be kept for the  
purpose of gambling or gaming or  
fraudulent practices, and no person  
shall keep or set up any gambling  
device whatever, designed to be used  
in gambling or gaming, nor shall any  
person be guilty of any fraudulent  
practice or practices whatever in the  
city of Brainerd."

The penal clause of the same ordi-

nance is found in section 4, which  
provides:

"Any person or persons who shall  
violate any of the provisions of this  
ordinance, shall, upon conviction  
thereof before the municipal court of  
said city be punished by a fine not ex-  
ceeding \$100 and be imprisoned until  
such fine is paid not exceeding 90  
days.

An important fact to be considered  
in regard to both state law and ordi-  
nance above cited, said City Attorney  
Fullerton in conclusion, is the knowl-  
edge which the owner of the build-  
ing must have of the gambling. In  
the prosecution of a case under either  
law, I believe it would be necessary  
to show that the owner had notice or  
knowledge that gambling was being  
conducted in his building. Other-  
wise, I believe the sections above  
quoted are self-explanatory.

## Pool Room License

On motion of Aldermen Michael  
and Holmstrom, there was offered a  
resolution which was adopted and  
read:

"That the city council go on record  
as favoring the refusal to grant a  
pool room license to be used in any  
room for one year after the conviction  
of tenants of any so occupied con-  
trary to the ordinances of the city."

## Special Election

The city clerk read a letter from  
the water and light board for a special  
election, as follows:

"Being desirous of placing the  
bond issue before the people at as  
early a date as can be arranged, in or-  
der that the work can be expedited  
this season and relieve the unemploy-  
ed situation, we ask that the council  
call a special election as early in May  
as possible for this purpose.

"In the same call we are desirous  
that you place on the ballots the pro-  
posed amendment covering the extra  
three mills for hydrant rental.

"As agreed we will pay the expense  
of this election, it being wholly a wa-  
ter and light board matter. We ask  
that the council will authorize the  
expenditure of the election expense."

## Bond Resolutions

A resolution was adopted on motion  
of Aldermen Michael and Anderson  
that \$50,000 bonds be authorized to  
construct waterworks extensions, en-  
largements and improvements. Bonds  
are to run 30 years and to draw 5  
per cent interest, and the question of  
the issuance of the bonds shall be  
voted on by the people at a special  
election to be held May 25.

On motion of Aldermen Lyonais  
and Cameron, carried, the water and  
light board is to furnish a plan  
showing the proposed extension of  
water mains and also showing Kala-  
mein pipes which should be replaced.

## Charter Amendments

Aldermen Michael and Holmstrom  
offered an amendment to the city  
charter providing for increased hy-  
drant rental, which was read by the  
city attorney. The vote stood:

5 ayes: Aldermen Lyonais, Cam-  
eron, Holmstrom, Michael and An-  
derson.

3 nays: Aldermen Quansstrom,  
Witham and Strickler.

The amendment is to be voted on at  
special election set for May 25.

## Reducing Fire Hazard

On motion of Aldermen Michael  
and Lyonais, carried, the city clerk  
was instructed to write the General  
Inspection Bureau at Minneapolis,  
explaining improvements to the  
Brainerd water system and asking as  
to the possible effect the same would  
have on fire insurance rates in this  
city.

## Street Cleaning

On motion of Aldermen Michael  
and Lyonais, carried, street cleaning  
is to be referred to the street com-  
mittee and city engineer.

## Refund for Bus Licenses

The Cuyuna Range Transportation  
Co. has filed a claim for a refund of  
\$320 paid for bus licenses.

The Iron Range Townsite Co. has  
filed a claim for an \$80 refund. The  
claim is made by their attorneys,  
Swanson & Swanson, that the ordi-  
nance covered only busses which ori-  
ginated in the city of Brainerd. It  
is claimed both concerns are non-res-  
idents.

On motion of Aldermen Anderson  
and Quansstrom, carried, the refund  
asked for were not granted.

## Public Examiner

The city clerk asked for further  
time to investigate the bill of the  
public examiner. The bill is for an  
examination costing \$253.15 and dat-  
ed July 23, 1919.

## Engineering Work

On motion of Aldermen Michael  
and Holmstrom, carried, President  
Strickler is to investigate the expense

of conducting the engineering de-  
partment.

On motion of Aldermen Michael  
and Lyonais, carried, the band fund  
from the last tax settlement, be paid  
to the band.

Signs prohibiting dumping are to  
be furnished the police department  
for posting at various locations, ac-  
cording to the motion of Aldermen  
Anderson and Quansstrom, carried.

On motion of Aldermen Anderson  
and Quansstrom, carried, the matter  
of placing tile at the east end of Oak  
street in front of the O'Brien prop-  
erty was referred to the city engineer.

Leasing of land in Holland addi-  
tion for pasturage was left with the  
aldermen of the third ward, accord-  
ing to the motion of Aldermen Lyon-  
ais and Quansstrom, carried.

The city engineer is to confer with  
the county commissioners relative to  
opening the Lund road, according to  
the motion of Aldermen Anderson and  
Quansstrom, carried.

Requests for gas filling stations are  
to be allowed subject to filing appli-  
cations, according to the motion of  
Aldermen Anderson and Cameron,  
carried.

## Sidewalk Approaches

On motion of Aldermen Anderson  
and Holmstrom, carried, the matter  
of putting in sidewalk approaches at  
the corner of 14th and Oak streets,  
was referred to the city engineer.

The water and light board, on mo-  
tion of Aldermen Lyonais and Cam-  
eron, carried, was instructed to put  
the ornamental lamp posts in repair.

O. H. Gram was ordered notified  
that aid for Mr. Markel will be cut  
off on May 9.

On motion of Aldermen Anderson  
and Holmstrom, carried, the bill were  
allowed, after which, at a late hour,  
adjournment was taken.

## JUNIOR MUSICAL CLUB

To Meet With Miss Elizabeth John-  
stone on Wednesday Evening  
at 7:30 O'Clock

The Junior Musical club will meet  
with Miss Elizabeth Johnstone Wed-  
nesday evening at 7:30 o'clock.

Mrs. J. A. Thabes will give the  
story of Aida, and there will be mu-  
sical selections by Mrs. Mai Clark,  
Dr. Badeaux and Miss Alice Johnson.

## County Warrants Called

All Road and Bridge warrants re-  
gistered up to and including Nov. 29,  
1921, are called for payment.

Interest will cease 30 days from  
this date. Brainerd, April 17th,  
1922.

S. R. ADAIR, Co. Treas.

26913ced.

## Card of Thanks

We wish to express our heartfelt  
thanks to the many friends and  
neighbors who so kindly extended  
their aid and sympathy during the  
recent illness and death of our be-  
loved wife and mother, and for the many  
beautiful floral offerings.

ERIK OLSON,  
and Family

## Moons of the Planets.

A moon is an attendant that circles  
about the planet of a sun. It is the  
satellite of a satellite. The distinc-  
tion between moon and planet is not  
one of size. Two moons in the solar  
system—Titan of Saturn and Gan-  
ymede of Jupiter—are larger than the  
planet Mercury, and rival the planet  
Mars. Many moons exceed the as-  
teroids, or tiny planets. A satellite  
is held in sway by both sun and  
planet. It is ruled by two masters,  
and of these the sun is always the  
stronger partner.

READ THE DISPATCH ADS

## REAL MUSICAL TREAT

Gr le School Boys and Girls and  
High School Students Take Part  
in "Snow White"

"Snow White", the operetta to be  
presented by the public school chil-  
dren April 24th, will prove a real  
musical treat to parents and others.

Nearly all the parts are taken by  
grade school boys and girls. The  
heavier parts are carried by high  
school students.

Mary Drewry will appear as the  
Queen Mother, whose wish for a  
daughter is granted by the Snow  
Fairy Godmother—with the promise  
that she shall see her daughter but  
once before she dies. Miss Drewry  
is a junior in the high school, and  
has had considerable experience in  
elocution and dramatics.

Helen Marie Stadlbauer will be the  
"Snow Fairy Godmother." She is a  
talented elocutionist and reader, and  
attends the Lincoln school.

Alice Regina Johnson is "Snow  
White," hated by the wicked Queen  
who is jealous of her beauty and  
tries many ways to put her to death  
and is afterwards successful—until  
the Princess comes and rescues Snow  
White. Miss Johnson is well known  
for her surpassing skill at the piano,  
and has appeared in solo and accom-  
panist work in everywhere in this  
city. She played a leading part in  
the senior class play.

Lois Chadbourne plays the very  
difficult role of the "Wicked Queen."  
Being very beautiful herself, she is  
exceedingly jealous of Snow White,  
who is more beautiful than she. She  
disguises herself in various ways in  
order to accomplish the death of her  
rival in beauty. She succeeds—for a  
time. Miss Chadbourne is recog-  
nized as one of the best sopranos the  
Brainerd high school has produced in  
years.

Harold Canfield plays a double  
role. First he is the "Chief Hunts-  
man," whom the wicked Queen or-  
ders to kill "Snow White." In the  
last scene he plays the part of the  
Prince, who rescues "Snow White"  
from death. His ringing tenor voice

is equal to the double role which he  
is given. The fairy tale ends very  
happily.

Tickets are now on sale and may  
be secured from school pupils or from  
Miss Opsahl or Miss Scott. Reserva-  
tions will be made Saturday morn-  
ing.

## NOTICE

To Property Owners on South  
6th Street

O Wednesday, April 19th, 1922, a  
meeting will be held at the City  
Council Chambers in the City Hall  
when a proposition for the repaving  
of South Sixth street will be present-  
ed for the consideration of the prop-  
erty owners on that street. All such  
property owners should be present at  
this meeting.

F. E. LITTLE,  
Mayor

## AMUSEMENTS

## Human Interest Tales Scarcely

All embryonic writers, who have aspirations to make contributions to screen literature, should be interested to know that there is a great dearth in stories containing real human interest while there is a surfeit of narratives devoid of appeal to the human side. No less a authority than Allan Dwan, the well-known producer of photoplays whose latest achievement in this line, "The Scoffer," which will be shown for the last time tonight at the New Park, has just made a declaration to this effect and he backs it up by calling attention to the fact that very few films nowadays are even advertised as "human interest attractions."

## "Perjury" Makes Hit with Audience

The big special, "Perjury," the William Fox production which opened at the Lyceum theatre last night for a two days' run, created a tremendous impression, and bids fair to score a success here as striking in its way as that it enjoyed during its initial run on Broadway, New York.

That distinguished actor, William Farnum, in the role of Robert Moore, stirred the audience profoundly through the appealing pathos of his characterization. It was a portrayal which never can be forgotten by those who witnessed it.

Robert Moore appears first as a fine type of the sturdy American director of industry, serene in his consciousness of strength and ability, happy in his domestic life. From this he is changed, by evil report concerning his wife, to a creature torn by jealousy, and red with rage throws him entirely off his moral balance. Despair follows, and then, on a murder charge, he passes within the portals of a prison for twenty years.

The resignation and gradual development of a saintly character in the prison contrast sharply with the bitter struggles of Martha Moore, his wife, in the world outside, to guard her two children from harm. The reunion, after twenty years, is one of the most touching scenes ever presented in motion pictures. It will be repeated again tonight.

## "The Girl in the Taxi"

"I have never had an opportunity to indulge in my pet hobby. It's a terrible one. I like to dip my coffee cake in my coffee!"

And in those three sentences, Carter DeHaven, the well known musical comedy favorite, who will be seen with his wife, Mrs. DeHaven, in "The Girl in the Taxi," a screen version of the stage play of the same name, which plays at the New Park Wednesday only revealed his dark secret. The secret has not been divulged to Mrs. DeHaven but since Carter has let the cat out of the bag listen to him.

MR. CARTER DEHAVEN IN  
"THE GIRL IN THE TAXI"

"A few months ago I entered a restaurant which displayed some delicious currant buns in the window. I sneaked in to enjoy my pet hobby—dip my coffee cake in my coffee. As I was about to donk the bun in the coffee, a well-dressed man in evening clothes sat before me. I couldn't commit a breach of manners before this gentleman, so I ate my buns and drank my coffee in the most approved manner. The gentleman looked at what I had ordered and thereupon also ordered coffee and buns. Then what do you suppose he did? He donked his bun in the coffee!"

## "The Bat" at Park Thursday

Over a year in New York—and still going. More than eight months in Chicago. Capacity audiences wherever it has played.

Summed up, briefly, that is the record of past performances of "The Bat," the biggest dramatic hit in years which Wagenhals and Kemper present at the New Park theatre on April 20th.

The astounding success of "The Bat"

is not at all difficult to understand. In the first place it is a stirring, thrilling, mystery story—the kind of a story that every man, woman or child enjoys. And in the second place, it is every bit as full of laughs as it is of thrills. Thrills and laughs—an unbeatable combination whether in a short story, a novel or a play.

"The Bat" is from the pens of Mary Roberts Rinehart and Avery Hopwood, both pastmasters at the art of writing for the theatre. Produced by Wagenhals and Kemper, its presentation is perfect. The cast, which has been acclaimed for its excellence wherever "The Bat" has been played includes.

## "Foolish Wives" American Production

One of the most remarkable productions of the moving picture world is the sensational "Foolish Wives," which has scored an extraordinary success at the Central theatre in New York, and which by special arrangement with Carl Laemmle will be presented at the New Park next Saturday and Sunday.

"Foolish Wives" is the first real million-dollar picture ever made, according to the announcement from Universal, and it has been nearly two years in the making. Although the story is laid at the famous resort of Monte Carlo, in the South of France, all of the scenes were actually photographed in Southern California. The whole city of Monte Carlo was reproduced with a perfection of detail that is amazing. All of the large buildings, including the great public square of Monte Carlo, were reincarnated at Universal City, California. The scenes

Scene from Wagenhals and Kemper Production of "THE BAT" by Mary Roberts Rinehart and Avery Hopwood.

QUEEN OF SHEBA  
WILLIAM FOX  
Production

## Perfect Figure Seen in "Queen of Sheba"

One of the girls among the thirty-six dancers in the Fox super-special "Queen of Sheba," playing at the Lyceum theatre tomorrow and Thursday, is Miss Almendra Dozier, who is not only an accomplished dancer, but has been found to have a perfect figure. While dancing on the Sheba set Miss Dozier was chosen by Finn Frolich, who had charge of the making of all the sculpture for the sets of the picture, to pose for the relief of a dancer that was cast life-size and used as a wall adornment. Mr. Frolich found that Miss Dozier had a perfect figure for sculpture reproduction.

Although this relief in Assyrian crudities, Miss Dozier's love of the artistic prompted her to pose willingly.

Miss Dozier is a Florida girl of French descent, coming from a family of musicians, and is herself an accomplished pianist. Her sister and mother are well known musicians. Miss Dozier is a graduate of Tallahassee University, Florida, studied dancing in the South and practices it there professionally. She is studying in Los Angeles with a famous dancing teacher and has become accomplished as a toe dancer, in ballet, classic, Oriental, and interpretative dancing.

She has posed on several occasions for artists and photographers, both for figure and for face.

MAE BUSCH  
in "FOOLISH WIVES"  
A UNIVERSAL SUPER JEWEL PICTURE

which represented the ocean front were taken near San Pedro Harbor, in Southern California. American artists furnished the designs, and American engineers, electricians, carpenters and other American specialists, laid out and constructed the vast settings.

Republican Convention  
Held in North Dakota

(By United Press.)  
Bismarck, N. D., April 18.—For the first time in eight years a federal candidate is playing the leading part on the political stage in North Dakota. Intense interest centers in the senatorial race of the independent republican convention at Jamestown tomorrow. Their candidate will oppose ex-Governor Lynn J. Frazier, nonpartisan candidate, at the June primaries.

Choice of the convention tomorrow will probably be between Porter J. McCumber, present member; A. J. Gronna, former senator defeated two years ago by E. F. Ladd; P. D. Norton, former congressman, and Judge A. M. Christianson, of the state supreme court. Others mentioned as likely to draw considerable support from the independent voters association are J. D. Bacon, Grand Forks publisher, and Theo. G. Nelson, secretary manager of the independents.

North Dakota voters will line up at the June primaries on the issue of "for or against the league" in spite of the efforts of some of the candidates to point with pride to the Harding administration.

McCumber will be the center of the fight at the convention. While he is not expected to muster enough strength to gain endorsement he may be strong enough to prevent the independent republicans from going on record as favoring any candidate, an attempt which would be approved by state candidates who fear endorsement will hurt their chances of success at the June primaries.

It is generally admitted that the independents will control the Jamestown convention. Heretofore the organization has not mixed in federal affairs but McCumber's attitude during the recall election last year in which he refused to make a stand has thrown the I. V. A. actively into the fight against him.

McCumber, however, will have his own following and the fact that the remainder of the convention have not rallied around any one standard has weakened the senator's opposition.

Gronna, in the opinion of many republicans, weakened himself when he appeared to make a bid for league support in his former announcement, his supporters in the league convention lost in a strenuous fight to gain endorsement of the nonpartisans.

Judge Christianson seems to be the

best bet and it is believed by many that a formal announcement of his candidacy would crystallize the majority sentiment in his favor. Although the judge has refused to formally announce himself, the fact that he has not quashed propaganda in behalf of his nomination is taken to mean he would accept the endorsement.

It is probable that J. F. T. O'Connor may be the democratic candidate.

NICKEL CONES TO  
BE SOLD AT PARKS

(By United Press.)  
St. Paul, April 18.—The lowly nickel which during the war appeared to be going the way of the animal pictured on the reverse side, is coming back. By summer it will be something.

The park board announced today ice cream cones, lolly pops and confections at the parks will sell for a nickel again this season.

SUIT BROUGHT TO  
SET ASIDE "CONSENT  
DECREE" BY PACKERS

(By United Press.)  
Washington, April 18.—Abrogation of the "consent decree" under which the big five packers agree to stay out of the grocery business and other sidelines, was sought in a suit filed in the district court of appeals here today. The suit brings into the open the fight to have this decree set aside, which has been brewing for months.

## There Was a Reason.

Jimmy was visiting his aunt, who was a good cook, and he enjoyed every meal. One day after an unusually good dinner he glanced at his three cousins, who were fat and rosy, and said: "I know now why you got such fat kids."

IF BACK HURTS USE  
SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

STOP RHEUMATISM  
WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

## LOST---A Husband

Last seen wandering around Monte Carlo, trying to keep up with this foolish young wife and prevent her from falling a victim to the wiles and wickedness of a titled European cad; said husband a fine manly American who believes an American girl should not be dazzled by the false artificiality of an empty title; further information may be had by seeing
